

Redwood Heading:

## Where in the U.S.A. is Marge Peterson?

**Directions:** Listen to each day's phone conversation, as you do, record any evidence that you hear that could be a clue to Marge's location. Use the weather maps for daily evidence. At the end of each phone call draw a few conclusions that can help you find the answer (To receive full credit you must have at least 3 conclusions each day). We are looking for Marge's city (town), county and state.

**Day #1:**

**Evidence**

**Conclusions**
